## General Comment

Please vote against this regulation.

I trade options successfully and safely in my IRA account, limiting my risk and defining the exact return on my investment.

In fact, I earn between 1 - 2% per month safely with my options investing.

Americans do not need this regulation to protect us.

I feel very strongly that this regulation is going to delay my retirement by several years by limiting my self-directed investment choices.

Thanks for voting against this intrusive regulation.

Regards,

John Reed
